

KEEP THE VET DRUG OUTLET STANDARDS

(Compliance for safety, efficacy and quality of vet drugs)

As per the - National Drug Policy & Authority Act Cap 206, Section 42 Seventh schedule
- National Drug Policy & Authority (Licensing) Regulation, 2014
- National Drug Policy & Authority (Certificate of suitability of premises) regulations 2014

01

Must have a clearly displayed NDA license to operate a drug shop and certificate of suitability of premises.

02

Display a copy of UVB practicing license for the supervising in-charge.

03

Supervising in-charge be present full time or leave a qualified attendant. Otherwise, keep premises closed whenever absent.

04

Drugs should be sold to qualified persons or to farmers with prescription note from qualified persons. Such prescriptions should be filed for record purposes.

05

Premises should be in a permanent building with well painted walls and a ceiling made of painted ply wood or concrete.

06

Cemented or tiled floor easy to clean and disinfect.

07

Avoid overstocking and decongest the shelves to allow easy cleaning. Paint the shelves for easy to cleaning and disinfecting

08

Keep light sensitive drugs in lockable shelves or counters away from light.

09

Desist from the vice of rationing drugs. It affects quality and encourages under dozing

10

A drug shop should have a temperature and humidity monitoring device.

11

Maintaining daily temperature monitoring records indicating morning, afternoon and evening records.

12

Have purchase records/stock & Sales records/receipt book indicating the date, items, source, Batch number, receipt number, expiry date.

13

Having a hand washing unit with full time clean water and soap.

14

Visible and clear sign post with names corresponding to NDA license certificate.
